Attendees
TCEQ – Jennifer Delk,
TSSWCB – Aaron Wendt
TWRI – Kevin Wagner; Cecilia Wagner

Agenda

WORK PLAN TASKS
Task 1
1.1 Course Planning Team
  • Who should be on the team?
  • First meeting in May?

1.2 Project Coordination
  • Incorporate some program leaders (e.g. Southern region, Wharton, Tx Watershed Steward) on the Planning Team

1.3 Quarterly Progress Report
  • Deadline of first QPR will be June 15, 2007

1.4 Project Oversight
  • no comment

1.5 Reimbursement Forms
  • TWRI is waiting to set up subaccnts until project needs/contractor responsibilities are finalized

1.6 Contractor Evaluation
  • no comment

Task 2
2.1 Compile and Summarize existing Programs
  • We have the following existing programs in hand:
    ▪ EPA Training – Colorado
    ▪ Watershed Training – Arkansas
    ▪ EPA Guidance Manual
    ▪ EPA Best Watershed Plans in the Nation Report
  • What others are available for us to pull from?
  • TWRI would like to have first draft of summary available for May Team Meeting.
  • Can we get WPPs that EPA has provided comments to?
  • What has Nikki put together for her program?
2.2 Develop Training Programs

- Possible approaches to the Training Program:
  - Go through the EPA Guidance
  - Go by elements (~ ½ day per element with a WPP case study of each element)
  - Go by the EPA Colorado Training
  - Combination of the above including the following items:
    - Element approach
      - go thru the element (using EPAs Guidance doc)
      - Go thru EPAs criteria to measure success of element (using Best Watershed Plans Report)
      - Provide example of that element from developed WPP and have class evaluate (if possible, have watershed coord present the existing WPP)
      - discuss (provide EPAs comments if available)
    - Stakeholder involvement/facilitation
      - Emphasize stakeholder importance
      - Provide enough information to get them started, but possibly offer a follow-up training for everyone to go into more detail of stakeholder participation/
    - After the Plan – implementation and moving forward (funding?)

2.3 Watershed Training Webpage

- Web site will include course registration, course materials, etc.
- Domain name:
  - wpptraining.tamu.edu
  - wppcourse.tamu.edu
  - txwpptraining.tamu.edu
  - twpsc.tamu.edu
  - txwatershedplanning.tamu.edu
  - txwppshortcourse.tamu.edu

Task 3

3.1 Organize Short Course Events

- Venue – Mayan Ranch in Bandera?
- Dynamic speakers – who can they recommend?
- Registration – who will handle it?

3.2 Deliver Short Course Events

- Dates or schedule of events

3.3 Organize Fluvial Geomorphology Course

- What does TCEQ want from Rosgen? TWRI needs to contact him ASAP to finalize a training and date
- Current budget and registration fee for Rosgen course was based on 2005 contract shell. TWRI may need to adjust registration fee once we finalize his involvement.

3.4 Develop and Administer Questionnaire
• TWRI has resources to develop questionnaire if need be (Chris Boleman with Ag Leadership, Education & Communications Department)
• What other expertise do we have to develop valid questionnaire/survey instrument?

Task 4
4.1 Draft Final Report

4.2 Final Report

OTHER ITEMS OF DISCUSSION
• Watershed Coordinator meeting
  ▪ Possible June date
  ▪ Set up by TWRI
  ▪ Introduce WPP Short Course event
  ▪ TCEQ & TSSWCB provide bulk of information to coordinators

• Need TCEQ & TSSWCB to be clear of the TMDLs/WPP relationship to present during the short course

• Timeline adjustment of project: (actually I don’t think this is necessary based on the signed contract Ellen sent us – the deliverable dates were revised to reflect the new contract dates. The project went from a full 3 year project to a 2 ½ year project. Perhaps we need to discuss extension?)
  ▪ Contract initiation date: February 15, 2007
  ▪ Contract end date: August 31, 2009
